Fund targeting sustainable investment activities

Seeking yield and visibility in a volatile market environment

In this volatile market environment, European Bond Opp. 2027 offers attractive yields opportunities for investors willing to accept the risk inherent in European corporate bonds over a horizon ending on 31 December 2027.

Fund Strategy

- Investment universe comprises bonds with principal repayment around 31 December 2027 (Fixed-term maturity fund).
- Corporate bonds from various credit ratings.
- Rely first and foremost on an extensive fundamental analysis of each corporate bond.
- Active monitoring and management.
- A strong sustainability policy to reduce risk and for ethical reasons.
- Favours issuers offering good visibility for a given credit rating / preference for less cyclical sectors.
- No investment in financial sector.

A strict and ambitious ESG approach

- Our commitments include protection of the environment and biodiversity, the preservation of water resources, a contribution to ecological transition, an improvement in population health outcomes, and respect for universal ethical standards.
- Our portfolios adhere to the trajectory set out in the Paris Agreement.
- We aim for carbon neutrality in the portfolios by 2050, with a reduction in their carbon intensity of 60% between 2018 and 2028.
- We exclude the most harmful sectors on the basis of four criteria: greenhouse gases, pollution, healthcare and ethics.
- We avoid indirect financing of the activities of authoritarian governments through bonds issued by state-owned companies in these countries.
